## Product Description

### Upgrade Nano Microneedle Skin Rejuvenation Machine For Age Spots 0.5-5J Energy

#### Product Description:

With a Nano Microneedle Size of 1.5\*5\*0.24mm, this device can penetrate the skin up to 10mm (0.5mm/step) to deliver energy to the underlying tissues. This helps to stimulate the production of collagen and elastin, which are essential for maintaining youthful skin. The device also has an Ipl Power of 200W and an Energy Output of 0.5-5J, making it a powerful tool for skin rejuvenation.

The Skin Rejuvenation Machine is designed for professional use and is available for OEM ODM service. It can be used in spas, clinics, and beauty salons to provide clients with a safe and effective solution for skin rejuvenation.

In addition to skin tightening and wrinkle reduction, this device can also be used for cellulite removal. The Nano Microneedles penetrate deep into the skin, breaking down the fat cells that cause cellulite. This helps to smooth out the skin and reduce the appearance of cellulite.

The Skin Rejuvenation Machine is a must-have tool for any professional who wants to provide their clients with the latest in skin rejuvenation technology. With its advanced features and powerful energy output, it is sure to deliver impressive results.

#### Features:

Skin Concerns	Fine Lines, Wrinkles, Age Spots, Sun Damage, Uneven Skin Tone

#### Applications:

With its high energy output of 0.5-5J, the Skin Rejuvenation Machine is capable of delivering powerful treatments that can help rejuvenate and revitalize the skin. The machine offers both single and continuous treatment modes, allowing users to customize their treatment to best suit their needs.

The Skin Rejuvenation Machine is also highly customizable, with a spacing range of 1.0-10mm (0.5mm/step). This ensures that users can achieve the precise treatment they need for their individual skin concerns.

In addition to its powerful treatment capabilities, the Skin Rejuvenation Machine is also available for OEM and ODM services. This makes it an ideal choice for businesses looking to develop their own line of skin care products or offer customized treatments to their clients.

The Skin Rejuvenation Machine is perfect for a wide range of skin care occasions and scenarios. It can be used to help reduce the appearance of fine lines and wrinkles, minimize the effects of sun damage, and improve skin tone and texture. It is also ideal for use in conjunction with other skin care treatments, such as facial peels, microdermabrasion, and facial skin analyzer machines.

Overall, the Skin Rejuvenation Machine is a powerful and customizable electronic skin care device that is perfect for a wide range of occasions and scenarios. Whether used in a spa, salon, or medical clinic, it offers a range of treatment options that can help users achieve the beautiful, youthful-looking skin they desire.

### Customization:

Our Skin Rejuvenation Machine is a top-quality Facial Dermabrasion Machine that comes with advanced features to provide you with the best results. With a 15inch Screen Size, you can easily monitor your skin rejuvenation process. The Ipl Power of 200W is powerful enough to effectively treat various skin conditions.

Our product customization services include OEM ODM, allowing you to customize the machine according to your specific needs. In addition to this, our Skin Rejuvenation Machine comes with a Spot Space of 1.5mm-2.5mm (step 0.1mm) and a Spacing of 1.0-10mm(0.5mm/step), making it one of the most versatile Facial Skin Care Machines on the market.

Our Skin Rejuvenation Machine is the perfect Face Moisturizer Machine and can be customized to provide you with the best results. Trust our product customization services to provide you with a machine that meets your specific needs.
